Dear Readers

It's been an eventful 2013, was simply incredible and memorable for all of us, with the craziness in today's commodity industry, where in the midst of it all we have number of genuine hard working people with honesty and integrity. In which were proud to work with.

Still we at first edge and our associates have pulled off an amazing 2013 together that will make 2014 more amazing than 2013

The following letter is from  
David McGhie Managing Director

We're also enthused by the pace at which our FE Magazine (FEM) is ricocheting around an increasingly mobile world.

But no question, 2013 will not be remembered as mellow in either media or meteorology.

Many companies advertising in FEM has shown favourable results. I would also like to thank the FGF design team who have put in place fresh thinking of FE Magazine in 2013 magazine issues, which will carry us into 2014, In the past our businesses tended to move in unison with other trade magazine's until we realized the uniqueness of FEM by the response from our readers and advertisers around the world, the variability and volatility of performance is here to stay as long as we continue to put greater emphasis on the impressive can-do spirit and creativity of our teams.

We will always be pushing and continuing the enormously imaginative work with FGF expanding both First Edge Ltd and the input of FEM readers.

The FEM email barometer of 2013 performance marked important development. The FEM brand is continuously being honoured with a raft of prestigious Companies wanting to Advertise with FE Magazine,

For 2014 our magazine will be looking to use used a multi-pronged social media strategy engineered by FGF Publication & Design, we will also be welcoming a new editor in chief:

I am also so proud to know all the talented and smart men and women who I have worked with over the past 8 years in commodities these people have empower, educate and encourage me, also all the readers who have taken their own time out in emailing us, an most important of all our current advertisers and partners, you are simply the best.

Thank you, again. I wish you all a personal and professional success also great happiness and good health.

## *What A wonderful World* (louis satchmo armstrong)

There's not much that can be said about all the wonders of this world other than the simple beauties of it, So well leave you to view the pictures by starting with the words below of the great Satchmo.

I see trees of green, red roses too  
I see them bloom, for me and you  
And I think to myself, what a wonderful world.

I see skies of blue, and clouds of white  
The bright blessed day, the dark sacred night  
And I think to myself, what a wonderful world.

The colors of the rainbow, so pretty in the sky  
Are also on the faces, of people going by  
I see friends shaking hands, saying how do you do  
They're really saying, I love you.

I hear babies cry, I watch them grow  
They'll learn much more, than I'll never know  
And I think to myself, what a wonderful world

Yes I think to myself, what a wonderful world  
Oh yeah...
